

January 2018

It's hard to grasp that another year has come and gone already. We've been married almost 47 years (in August), in ministry 42 years (31 of those years in missions), and are praying for many more years of both! We are extremely thankful for all of you being faithful in praying for us and in supporting our work. We sure can't do without y'all and your ministry in our lives!

A major part of your ministry is praying for the people we work with, so we ask y'all to pray for the church in Neuhofen, Germany. Once a month there's a community gathering where pastors and priests from various churches in the surrounding area take turns giving the message to folks from the villages of Altrip, Kohlhof, Limburgerhof, Otterstadt, Waldsee, as well as Neuhofen. Later this month the pastor from Neuhofen will deliver a message from the Scriptures. **Please pray that those attending will open their minds and hearts to the truth of the Gospel.**

Please pray, too, for Germany's Conference for Christian Business Leaders. Our friend, Jörg, has a heart for encouraging and helping these leaders to implement Christian principles into their companies; helping them to deal with workplace problems, and advising entrepreneurs how to launch a new business venture. Just as in the States, this is an area where Christians can and should really make a positive impact.

Also, please pray for Fred as he will be teaching another course at the seminary in Ukraine. **Pray for safety in travel for each professor and student, as the war is ongoing there.**

And pray for us as we're still not sure whether the ministry opportunity in Poland is a "go" or not.

Appreciating your part in our lives,

Fred & Linda McRae
